Our company

Founded in 1983 by industry veteran and Co-CEO Anette Van de Loo, Powerling is today a trusted, versatile and full-service language services provider. A major player in the language industry, Powerling supports its customers’ global development by producing high quality and specialized multilingual solutions. Powerling offers a myriad of services in 75+ languages including: translation, internationalization, localization, consulting and auditing, SEO, desktop publishing, and interpreting.

Through continuous investment in R&D, Powerling engineers innovative technology products that strengthen a global supply chain performance in enterprise translation and language database management. Powerling operates worldwide, with headquarters in France, and offices in the Netherlands, the US and Hong Kong.
